

The American Theatre Guild Accessibility Statement

Digital Accessibility

The American Theatre Guild is committed to facilitating and improving the digital accessibility of our website for all users, including those with disabilities. Our accessibility efforts are guided by the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA standards. These guidelines help make web content more accessible for people with a wide range of disabilities, including those with visual, auditory, motor, and cognitive impairments.

Our accessibility efforts are ongoing and include regular accessibility audits and testing, the implementation of assistive technology compatibility, creating accessible navigation with a keyboard-friendly design, alternative text for images and multimedia, captions and transcripts for videos, as well as clear and concise content for easy comprehension.

Disclaimer

Please be aware that our efforts to maintain accessibility are ongoing. Our team is dedicated to monitoring our website and making improvements to meet evolving accessibility standards. While we strive to make all content on our website accessible, some third-party content or integrations may not fully comply with accessibility standards because the range of assistive technology is wide and varied. We encourage users to reach out if they encounter any accessibility barriers. We appreciate your understanding.
